The cause for excellence...

## About Kimya Technologies LLP

At Kimya Technologies LLP, our mission is to be your trusted partner in meeting the diverse needs of the pharmaceutical and food industries. Established with a commitment to excellence, we offer an array of specialized products and services designed to elevate your operations.

### Our Product Offerings:

**Polymer Products:** We provide high-quality, food-grade polymer products including PTFE spatulas, hammers, and customized gaskets, ensuring the utmost safety and precision in your processes.

**Acrylic Expertise:** From machine canopies to acrylic equipment, our team excels in all types of acrylic work, delivering both functionality and aesthetics.

**Fabrications and Equipment:** Our expertise extends to S.S & M.S fabrications, including customized tanks and a range of accessories. We also specialize in SS 304/316 ducting & piping, SS 304/316 cladding on equipment, and sieves screens manufacturing, all designed for excellence.

**Industrial Fire Safety:** We offer a wide variety of industrial fire safety boards and signage crafted from Acrylic, Wpc, vinyl, and radium materials, ensuring safety remains a top priority.

### Our Services:

**PLC and SCADA Expertise:** Count on us for troubleshooting and support in PLC programming and SCADA programming. We also undertake HMI to PLC conversion projects to enhance your automation systems.

**Branding Solutions:** Elevate your brand with our expertise in creating company branding logos, foam board displays, and vinyl labels that make a lasting impression.

**Equipment Engraving:** We offer precision SS label engraving on production equipment, ensuring clarity and durability.

**Regulatory Compliance Support:** Our team is dedicated to assisting you in achieving regulatory and non-regulatory audit compliance, giving you peace of mind in your operations.

At **Kimya Technologies LLP**, we have accumulated two decades of experience in serving the pharmaceutical and food industries. With our extensive range of products and services, all conveniently located under one roof, we aim to be your partner of choice in achieving excellence in your operations.
